Commissioners' Report

To the Citizens of Coos County:

In accordance with the requirements of the Public Statutes, the Commissioners of Coos County herewith submit their annual report for the year ending December 31, 1904, together with the several reports to them from the other County Officials.

Our financial condition is such that we can lessen our County tax for the coming year, and at the same time make the usual repairs on buildings as needed. Our bonded debt is \$25,000.00, on which we pay \$5,000.00 per year. The amount of cash in the treasury Dec. 31 was \$41,553.82, with an asset of \$1,079.94 uncollected town taxes, making a total of \$42,633.76. This is the largest balance ever shown on the same date by the County within our knowledge. This can be reduced by assessing a lower tax, and it is accounted for by the two years of license money paid into the treasury since the passage of the liquor license law, although a part has gone into the new barn, Pinkham Notch road, and some other repairs, including the purchase of the farm adjoining the County Farm, which the Commissioners were authorized to procure by the last County Delegation.

Our pauper account we have decreased \$1152.91 over the preceding year.

COUNTY FARM.

The farm continues under the management of E. C. Fuller as superintendent, and Mrs. Fuller as matron, and has been brought up to a high state of cultivation. The buildings are in fairly good condition, but need each

year something in repairs. During the past year we have taken eleven insane from the farm to the State Hospital at Concord, and by so doing have been able to make some changes in the house that has added materially to the comfort of the inmates, especially the old people, who have a floor to themselves. Sexes are separated, and all are comfortable and contented. The cost per week for maintenance is \$1.52, and would be considerably less should we credit the farm with the increase of stock, which has been bought with money charged to farm expense; but as it makes no particular difference to the tax payers, more than the showing, we have computed it as in previous years. The buildings need painting, and we need a new laundry. The present one is in a delapidated building and worn out, and was originally a very primitive affair. We would recommend to the coming delegation an appropriation for this purpose. Our buildings need better fire protection in the way of hydrant service, and we suggest some action in this matter. We have two plans, both of which are feasible, and would not require a great expenditure. These buildings, although old, are valuable to the County, and could not be replaced at their present valuation and should be well protected.

COURT HOUSE.

The court house at Lancaster, built 17 years ago, has had very little repairing inside since it was built. There should be considerable done here. The basement should be concreted, court room and offices need calceining and varnish. The Colebrook court house needs a general overhauling. A reasonable appropriation should be made for this.

JAIL.

The jail at Lancaster, in its present state, can never be made suitable to the growing needs of the County, and some time should be replaced by a modern one, larger, and with suitable compartments that can be

used for female prisoners. We do not ask for this, but do consider some changes should be made, as last fall \$136.00 was paid a watchman to prevent breaks.

HOUSE OF CORRECTION.

Our House of Correction at the County Farm is in good condition, and no repairs are needed. The new rooms added last year have been satisfactory in every particular, and should the House of Correction ever be abolished at County Farms, this room is well suited for any other purpose.

ROADS IN UNORGANIZED TOWNS.

We have judiciously expended \$700.00 on Dixville road, and built a permanent bridge in Millsfield, with stone abutments. Pinkham Notch road has again washed badly, and must receive attention in the spring. The Commissioners believe this should be made a state road, as the state appropriations are not sufficient to keep the road in repair, and will always be a burden to the County. It is a summer road to another County, through the woods, with no one living along the route, and should be closed during the winter months.

SUPPORT OF CHILDREN OUTSIDE IN SCHOOLS AND HOMES.

This account is increasing somewhat, and will continue so. In 1903 the amount expended was \$1,356.84, the present year closing is \$1,617.47, an increase of \$260.63. It is impossible to find permanent homes for them, and we are obliged to board and school them properly. This we believe will never be considered burdensome to the tax payers.

CONCLUSION.

In conclusion we desire to express our appreciation of the interest taken by the officials of the various towns throughout the County in the discharge of their duties toward the unfortunate poor, and with their readiness and willingness at all times to comply with the requests of the Commissioners. We are all working along the

same lines, and for the same purpose. The Commissioners desire to become familiar with every case chargeable to the County, and request the selectmen and overseers of the poor in every town, for the coming year, to promptly notify some member of the board in every instance as the Statute directs.

Respectfully submitted,

S. R. M. RAMSAY,	} Commissioners

Chaplain's Report

WEST STEWARTSTOWN, N. H.,
Dec. 10, 1904.

To the Commissioners of Coos County:

Report of ministerial service rendered at Coos County House for the year 1904, by the pastor of West Stewartstown Congregational church, Rev. Arthur Titcomb.

Regular services were begun in January, 1904, and were held each month, usually the last Sabbath of the month, until the pastor's departure from town. This made the final service occur in Nov. 1904.

The services have been well attended and have been entered into with much heartiness. The handling of the gatherings by the managers of the house has been most commendable.

Funeral services have been observed for four inmates, Mr. Allen, Mr. Fairman, Mr. Gilman and Mr. Bean. A fifth died in the pastor's absence from town, Mr. Peter Morris.

Respectfully Submitted,

ARTHUR TITCOMB, Pastor.

While there have been a considerable number of important criminal cases disposed of during the year, the

County has had the good fortune not to have to enter into many long and expensive criminal trials, and the expenses of the administration of the criminal laws have not been larger than usual. We have been fortunate in having but few indictments not founded upon sufficient evidence, and so far as I know, indictments have been found upon all well founded complaints. The judgment of the Grand Juries has proven, as usual, to be almost infallible in respect to the finding or not finding of indictments. The County is to be congratulated upon the election of a new solicitor of conservative disposition, under whose administration the tax payers will, I believe, be even more fortunate.

Respectfully Submitted,

JAMES I. PARSONS, Solicitor.
